

Questions Round #3

- Take the Survey
- Share Your Personal Feedback
- We Want to Hear From You!

“What key perspectives should we consider when deciding the future of our historic City Hall and its services?”

Over the next several weeks the City of Hibbing will be issuing several Thought Exchanges to gain additional feedback on what the residents see as the biggest challenges for the City of Hibbing and more specifically for the future of our City Hall. We would like to encourage all residents to provide their personal feedback to ensure that we follow the direction of the citizens of Hibbing. All responses are anonymous and will be utilized to further inform the City Council of the thoughts of the local residents.

Thanks for taking the time to assist the city in determining the best solution(s) for our community!
